

MCP CONSULTANTS | CAPABILITY STATEMENT

MISSION STATEMENT

Our mission is to understand the unique needs of each client, and to offer the most comprehensive practical solutions whilst developing long-term lasting relationships built on trust, reputation and hard work.

COMPANY OVERVIEW

We deliver mining, construction, shutdown and project support across the Bowen and Galilee Basins specialising in small to medium sized civil and infrastructure projects.

Our combination of local knowledge, multi-industry experience, and leading best-in-class practices, contributes to the operational excellence that drives our client's competitive advantage.

Our commitment to safety culture is an integral part of our success.

We aim to create an environment where everyone works safely, feels comfortable communicating safety issues and is confident identifying risks and hazards while keeping safety at the forefront of every task. We deliver an uncompromisingly safe environment based on integrity, knowledge and accountability.

CAPABILITIES

Whether we're working on just a small engagement with our clients, providing equipment or personnel support, or managing and delivering entire projects, MCP Consultants uses the latest in industry practices and technology to create and implement solutions that are tailored to each of our client's specific needs.
